COVID Protocols: At this time no parties will overlap! All LaFleur's staff will wear masks and have their temperature taken prior starting work. Host of party will decide whether their child guests wear masks during the party, unless there is a mandate by the government requiring them. Adults must wear masks in the building. LaFleur's Staff will help with social distancing in the gym. Social distancing in the party room will be the responsibility of the party hosts. The gym will be cleaned between each party. Party hosts are only allowed in the building 10 minutes prior to their start time! Please, tell guests to wait in their cars if they arrive early and come in no earlier than 5 minutes before the party begins. Thank you!

A suggested "COVID" party format: Use most of birthday party time in the gym (90 minutes). Serve drinks in the lobby during the gym time (they can leave the floor to drink, but no drinks or food on the gym floor). Skip gift opening. Use the last 5 minutes to hand out cupcakes as they leave the party. This is only a suggestion but may be an easier way to social distance.
